TARGET MARKET.

the **ONESHEET**

A business card isn't enough. A brochure is too much. You need a single sheet that makes an impact, tells exactly why you're the best one for the job, and includes enough personal information that prospects and customers think of YOU when they need a solution.

You need **the ONESHEET**.

the ONESHEET combines your business pitch and your personal bio in a single-sided or double-sided document that educates people about yourself and your business, establishes your professional credibility, and encourages a sale or a business relationship.

A dull, dry list of features and prices will end up in the reader's circular file. Make a direct emotional impact instead!

the ONESHEET gives you the total package – exciting, professional-quality marketing copy that sells YOU as well as your business, integrated with slick, beautiful graphic design.

the ONESHEET includes:

- Your Photograph
- Your Company Logo
- Marketing Copy
- Your Bio (personal/professional achievements, associations, interests, mission statement, etc.)
- Testimonials
